

## ONE TO NOTHING THE SCORE

Omaha Turns the Tables Nearly on the Old-Time Apostles

JIMMY RYAN LOSSES HIS GAME

Gordon and Breitenstein Show Up in Wonderful Form and a Lively Contest is the Result of Their Work.

By a single error in the second inning Captain Jimmy Ryan of the St. Paul team yesterday allowed the Omahans to make the one run that won the game and evened things up by one to nothing. Neck and neck were both contests from start to finish, and for two days in succession the very most base ball playing that has been done anywhere in the country has been perpetrated right on Vinton Park grounds. When games are completed practically without an error on either side, and when pitchers are keeping their hits so well scattered and so infrequent that only one run can be garnered in an hour and a half of play, nothing more can be asked and the teams that are doing the work rank the bunch the world over.

After Saturday's game the cranks awoke to a realization of what an exceptional article of ball is being exhibited here, and yesterday 3,000 of them braved the lowering skies and thronged the seats to see Eddie Gordon go against the famous Breitenstein. It was a notable game and the clean ball playing of both teams served to enhance the play of the spectators over Omaha's victory. The little citizen was easily the victor of his famed opponent, though each excelled in different departments. Gordon had much better control, allowing only three bases on balls and striking out six men. Breitenstein, on the other hand, gave five bases and scored only two strikeouts, but he held the Koures down to three hits, while seven were chalked against Gordon. Eddie, however, kept all these so well scattered in every instance, save one, that they didn't count, and that one time Genie killed the hopes of the visitors by a rare play.

Genie Stops a Run.

This was in the fifth inning, and it was the only time that Ryan's men had a chance to score. Holly had gone to his base and Breitenstein followed with an out. Then Koures hit safely and Dillard struck out. Ryan followed with a hit and there were three men on bases. Gordon was facing a crisis, but was perfectly cool. He put a straight one at Warden, who hit to the left field fence, apparently for a two-bagger. The basemen began to skate around towards home, but then Genie upset all calculations. When the ball left the bat he hadn't waited a minute to judge it, but seemed to know just where it would fall. Running away back up the big play back he killed the sphere almost off the fence for an out, and from then on he walked in to the constant cheering of the crowd.

Omaha's run was scored after there were two outs in the second inning. Letcher was on second, by virtue of a base on balls and a sacrifice by Calhoun. Toman came to bat and pushed a high fly to Left Fielder Ryan. Jimmy was right under the ball, and as it came too soon, and snapped the ball through his fingers. Letcher scored. The next man up flew to right field. It was only one, but that proved the necessary score. Dillard and Ryan proved the easiest victims for Gordon, they dividing five of the six strikeouts. Dillard took three, the great veteran two. Koures was the bitter for the visitors, making three singles. But another time he got awfully mad at Umpire Keith for calling two strikes on him and naughty words were hurled at Mr. Keith by the second baseman, who finally got up his hands in disgust and despair, and then knocked a grounder, which was meat for Captain Stewart.

Just Reversed the Score.

The game was a turnaround from the one just previous. On Saturday St. Paul made the one run, while he scored only three hits to Omaha's seven. People wondered why that happened, and yesterday they found out, for their joy, for Omaha had the three and the visitors the seven.

Features abounded yesterday. One was a double by Stewart, Toman and Calhoun in the fifth. Another was Letcher's catch of a fly in the seventh, and still another, when, shortstop Holly scratched his name high on the scroll by exceptionally fine scoops of grounders in the fifth and in the sixth. Then Rightfielder Parker caught an apparently impossible fly from Calhoun's bat in the eighth, while the way Koures handled Gouding's line fly by hitting before it was a wonder. Through and through it was a great game and promises many things for today's contest, which is the rubber of the series. Coons will twirl for Omaha and Mr. Cogan for St. Paul. It is also ladies' day and a good attendance is assured.

## FIVE BAD MEN IN ONE BOLT

They Slip Away in the Night from Columbus Moorings.

EMPTY THE PLATTE COUNTY JAIL

Prisoners Who Shout to Kill and Taged Birds Who Rob Post-offices Bore Their Way to Freedom.

COLUMBUS, Neb., June 9.—(Special.)—The Platte county jail was this morning found empty. Last night it contained five bad men, but, undoubtedly with the aid of outside assistance, they quietly made their escape without disturbing the slumbers of the other inmates.

James Stetson, awaiting trial for shooting with intent to kill.

Thomas Young, Joseph Horman, Stephen Johnson, all implicated with Stetson.

Don Lyons, who was suspected of robbing the postoffice at Humphrey several months ago.

It would appear that plans had been perfected a number of days ago. They were locked in the cells as usual last evening. The rivets had been bored out of an old patch on one of the cells and it was an easy matter to remove the old plate.

This gave them easy access to the corridor, where undoubtedly drills were passed in and an aperture made through the brick wall under a window. No reward has yet been offered. It is generally believed that their escape has saved the county several hundred dollars.

COMMENCEMENT AT BELLEVUE

Hon. William Baird of Omaha Addresses Students on Sources of Information.

BELLEVUE, Neb., June 9.—(Special.)—The eighteenth annual commencement week of Bellevue college began this morning with the baccalaureate sermon by Dr. Kerr at the Presbyterian church, which was decorated by the sophomore class for the occasion.

Dr. Kerr spoke from the text, 1 Peter II, 5: "As lively stones." In substance as follows: "The rocks stand for enduring strength. 'Lively' means animated, energizing existence. The two united as one, the church and the individual, are the good character. The character here described presupposes relationship with Christ, the 'living stone.' Such material is used by God in advancing the world's welfare."

Large plans are a necessary feature in the lives of great characters. God uses men who have purposes, not purposeless men. Plans which embrace more than we can accomplish are necessary. The purpose of the church, to convert men, is not within its own power; but such a purpose must be the aim of every officer and individual, too, are in harmony with God when they plan larger things than they can accomplish by their own strength.

Even the person of small talent should plan for large things. That which can be accomplished only by a great army must be the aim of every officer and individual, too, are in harmony with God when they plan larger things than they can accomplish by their own strength.

"Duty is always larger than ourselves. He is a narrow man who does not see it. He is a broad man who sees his duty so large that God's strength must be added to his own in performing that duty."

"Lively stones," as descriptive of character, suggests energetic activity. Paul had consuming energy. No character can be strong without activity applied constantly to life's purposes. Character which is to endure unwaveringly must have an inspiring faith. But consistent harmony with God enforces an unwavering and inspiring faith. Before all such, mountains of difficulty become a plain. To such usefulness, honor, victory, are sure."

Hon. William Baird of Omaha addressed the students, professors and friends of the college this evening, taking as his subject, "Sources of Information." Science and revelation were pointed out as these sources in a spirited and impressive manner.

Nebraska State Normal.

PERU, Neb., June 9.—(Special.)—Among the Normal graduates who were visitors last week were: Miss Van Middeworth, who teaches at Pender; Rev. Coons, superintendent of schools at Edgar, and Mr. Desport, of Clay.

Peru will soon have an electric light plant. The power house is completed and the engine is now being placed. Lightning struck the main building Tuesday evening, ran down a chimney into the rooms occupied by the janitor, but did no serious damage.

The general program of commencement exercises is as follows:

Sunday, June 10—11 a. m., baccalaureate sermon, by Rev. Diefenbach of South Auburn; 2:30 p. m., joint meeting Young Men's Christian association in Philo hall.

Monday, June 11—10 a. m., open air band concert and general reception by the faculty.

Tuesday, June 11—8 p. m., class day exercises senior class.

Wednesday, June 12—10 a. m., training class address by State Superintendent Fowler; 4 to 6 p. m., reception to senior class and alumni by the president; 8 p. m., alumni reunion and association.

Thursday, June 13—10 a. m., commencement.

For Grand Army Reunion.

HASTINGS, Neb., June 9.—(Special.)—Great preparations are being made by the citizens of Hastings for the management and conducting of the state Grand Army reunion the last week in August. A large enthusiastic mass meeting resulted in the election of a complete set of officers who will begin to look after their duties this week. Those who have the reunion in charge are as follows: J. J. Buchanan, general manager; Thomas Green, secretary; H. Cramer, treasurer; Mark Pickens, William M. Lowman, Mark Levy, Dutton, John Pickens, S. S. Snyder, J. B. Wallace, J. M. Hiner, J. J. Buchanan, Charles H. Kipp, William Brach, August Rindenschaper, Max Lustig, William Falk, Charles E. Higginbotham, Frank Williams, soliciting committee.

Graduates at Wood River.

WOOD RIVER, Neb., June 9.—(Special.)—The eleventh annual commencement exercises of the Wood River high school were in Moore's opera house Friday evening. Though it was dark and rainy, a large crowd attended and all seemed highly pleased with the effort of the class of 1901. These are the products: E. Blanche Weldon, Mrs. L. Jackson, Clyde S. Burkard, Clara M. Maddock and Otis S. Eaton.

Omaha Firm to Build Auditorium.

COLUMBUS, Neb., June 9.—(Special.)—At the last meeting of the city council a street grade was established and all new buildings will be built to conform with it. The contract for the new auditorium was let yesterday to an Omaha firm. The structure will cost \$20,000. Work will be begun at once and the structure finished by December 1.

Sheepskins in Fairbury.

FAIRBURY, Neb., June 9.—(Special.)—The seventeenth annual graduating exercises of the Fairbury high school was Friday evening in Steele's opera house. Thirty days were read by each of the graduates. Rev. H. O. Rowland, D. D., delivered the
